Authorization for this examiner's amendment was given in a telephone interview with Stephanie Winner on September 14, 2007.

Amendment to claims 11, 15, 18 and 19, as agreed by the Attorney as follows:

On the first line of claim 11, delete the number "4", and insert number "5".

On the fourth line of claim 15, delete the word the, and insert the word a in front of the word normalized.

On the first line of claim 18, delete the number "17", and insert number "15".

On the first line of claim 19, delete the number "17", and insert number "15".

***Allowable Subject Matter***

2. Claims 5-15, 18-22 are allowed.

***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The prior art taken singly or in combination does not teach or suggest, a method of using a non-power of two texture map, among other things, comprising obtaining a reduced portion of the normalized texture map coordinate.

The closest prior art, Bentz and Iourcha et al. teaches a method of calculating texture coordinates of non-power of two texture map, but fails to teach obtaining a reduced portion of

the normalized texture map coordinate *before* scaling the texture map to compute the unnormalized texture map coordinate for the non-power of two texture map.

***Conclusion***

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
